"Adapting your Practice to a Changing World."
What does that mean?
Do you have the impression that your daily practice is evolving and changing faster than ever before? This Symposium will be the occasion to quickly get up to speed on the latest developments in the industry, to understand what makes these developments interesting and how to adapt them into your practice.

Take this opportunity to join us.
15 international speakers from 10 different countries will provide ideas and tips for your daily practice, including proven new solutions for before and after treatment, and internal/external communication that adapts to your practice. Be inspired by interesting topics and renowned speakers. End the Symposium's first day by an unforgettable Italian gala. Enjoy dinner in a cultural atmosphere, while savoring the delights of authentic Italian cuisine and networking with orthodontists from around the world.
